STUDENT TEACHER IN ACTION

Dylan visited on Thursday afternoon to teach 1/2g about dunkleosteous as we have been learning about sea creatures. (It’s a prehistoric sea animal.) He prepared the lesson during his lunch and recess times on our computers, designed a PowerPoint presentation with information he had researched. He finished his lessons with a colouring competition which taught the class about the colours of the sea animal. It was really impressive and 100% independent! We learned heaps!
Important Dates:
